

FUEL TRAILERS

EXCEPTIONAL CRAFTSMANSHIP. TIME-TESTED DESIGNS.

Some people think fuel trailers are a dime a dozen. They haven't met the Amarillo Tanks fuel trailer lineup. We craft tanks built to last in the harshest environments. That means **rounded designs that eliminate common failure points and maximize tank life. It also means walls made from 12-gauge steel and heavy-duty tandem axles.** And our time-tested legacy designs are backed by more than 100 years of quality manufacturing experience.

Our standard high-capacity tanks can hold up to 950 gallons. No matter what size you go with, you'll find **consistent performance and reliable components** like a 12V 20-GPM Fill-Rite® pump, filtration system, 12V deep-cycle battery and a top-tank-mounted solar panel.

CAPACITY	TRAILER WIDTH	TRAILER LENGTH	EMPTY WEIGHT	LOADED WEIGHT	AXLES	TIRES
300 gal	6 ft	12 ft	1,607 lb	3,707 lb	1	15 in Load Range D
520 gal	6 ft	13 ft, 5 in	2,053 lb	5,695 lb	2	15 in Load Range D
700 gal	7 ft	17 ft	2,504 lb	7,404 lb	2	16 in 10 ply
950 gal	7 ft	20 ft	3,288 lb	9,938 lb	2	16 in 10 ply

STANDARD FEATURES

- Rounded design for longer-lasting tank life
- Top-tank mounted solar panel
- 12V 20-GPM Fill-Rite® pump
- Filtration system
- Manual hose reel
- 12V deep cycle battery
- Fluid level gauge
- 15-in load range D tires (300 and 520 gal)
- 16-in 10 ply tires (700 and 950 gal)
- 2 5/16-in BULLDOG® hitch
- Heavy-duty safety chains
- Round RV-style electrical plug
- Side wind jack and spare tire
